Policy and Rules Division
Mass Media Bureau

PETITION FOR RULEMAKING

South Fork River Broadcasting ("South Fork"), by counsel, hereby petitions the Federal Communications Commission for the initiation of a rulemaking proceeding to amend the FM Table of Allotments, Section 73.202 of the Commission's Rules, to assign FM Channel 276C3 to the community of Huntsville, Utah, as follows:

City	Present	Proposed
Huntsville, Utah	None	276C3

1. As indicated in the attached Engineering Statement (attached hereto as Exhibit 1), Channel 276C3 can be assigned to Huntsville in complete compliance with the Commission's distance separation requirements as contained in 47 CFR §73.207. The reference coordinates of 41-23-58 N and 111-37-13 W will cast a 70 dbu, city-grade contour over the entire city of Huntsville, Utah. Additionally, there is a wide area available for placing an appropriate transmitter.

2. Huntsville is a city located in Weber County, Utah. According to the 1997 Rand McNally Atlas, Huntsville has a population of 561. Huntsville is located at the junction of state highways 166 and 39, approximately 10 miles east of Ogden, Utah. At present, the community is not receiving community service from any aural service. Therefore, the public interest will be served by the assignment of Channel 276C3 to Huntsville, Utah.

3. If the Commission assigns Channel 276C3 to Huntsville, Utah, South Fork will apply for a construction permit and will construct a new facility upon award of that permit.

WHEREFORE, in accordance with the above, South Fork River Broadcasting respectfully requests that Channel 276C3 be assigned to Huntsville, Utah.

October 21, 1996
